

PUBLIC SPEAKING MASTERY FOR TEENAGERS

Who wrote the book on public speaking? Dale Carnegie! He perfected the technique that turns people like us, with the usual public speaking fears and phobia, into polished professionals who get their ideas across with poise and enthusiasm.

Tap into these techniques and achieve amazing results with *Public Speaking Mastery for Teenagers*, a seminar designed specifically for teenagers with little or no public speaking experience.

Start with the basics. Get to know your audience, organize ideas and create your outline. Move very quickly into actually delivering talks—you will be on your feet and presenting like a professional in no time at all! Use sophisticated techniques like voice modulation, attention focusing and idea pyramids for creating impact and audience persuasion.

Public Speaking Mastery for Teenagers classes are kept small, guaranteeing individualized attention, personal direction and advice about your own presentation style. All presentations are videotaped, so you can actually watch your progression from novice to pro.
